| Hazard Statements | None required |
|-------------------|---------------|
|-------------------|---------------|

#### Precautionary Statements None required

#### Other hazards

Not a PBT according to REACH Annex XIII May form explosible dust-air mixture if dispersed

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Mixtures

| Chemical Name        | CAS No.     | Weight % | Classification (Reg.<br>1272/2008) | Hazard Statements |
|----------------------|-------------|----------|------------------------------------|-------------------|
| Polyester resin      | Proprietary | 85-95    |                                    |                   |
| Polypropylene wax    | 9003-07-0   | <10      |                                    |                   |
| Carbon black         | 1333-86-4   | 2-3      |                                    |                   |
| Charge control agent | 104815-18-1 | <2       |                                    |                   |

"--" indicates no classification or hazard statements apply.

## 4. FIRST AID MEASURES

## Description of first aid measures

| Description of first and measures | _   |
|-----------------------------------|---|
| General advice                    | For external use only. When symptoms persist or in all cases of doubt seek medical advice.    |
|                                   | Show this safety data sheet to the doctor in attendance.                                      |
| Eye contact                       | Immediately flush with plenty of water. After initial flushing, remove any contact lenses and |
|                                   | continue flushing for at least 15 minutes   |
| Skin contact                      | Wash skin with soap and water   |
| Inhalation                        | Move to fresh air   |
| Ingestion                         | Rinse mouth with water and afterwards drink plenty of water or milk                           |
| Most important symptoms and eff   | ects, both acute and delayed  |
| Acute toxicity                    |   |
| Eyes                              | No known effect   |
| Skin                              | No known effect   |
| Inhalation                        | No known effect   |
| Ingestion                         | No known effect   |
| Main symptoms                     | Overexposure may cause:   |
|                                   | mild respiratory irritation similar to nuisance dust.   |
| Aggravated Medical Conditions     | None under normal use conditions  |
| Indication of immediate medical a | ttention and special treatment needed   |
| Protection of first-aiders        | No special protective equipment required  |
| Notes to physician                | Treat symptomatically   |
|                                   |   |

## 5. FIREFIGHTING MEASURES

#### Extinguishing media

Suitable extinguishing mediaUse water spray or fog; do not use straight streams, FoamUnsuitable extinguishing mediaDo not use a solid water stream as it may scatter and spread fire

## Special hazards arising from the substance or mixture

Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

#### Hazardous combustion products

Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx)

#### Advice for fire-fighters

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins. Wear self-contained breathing apparatus and protective suit

| Other information |                |
|-------------------|----------------|
| Flammability      | Not flammable  |
| Flash point       | Not applicable |

#### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Avoid breathing dust

#### Environmental precautions

No special environmental precautions required

#### Methods and material for containment and cleaning up

| Methods for containment | Prevent dust cloud  |
|-------------------------|---|
| Methods for cleaning up | Use a vacuum cleaner to remove excess, then wash with COLD water. Hot water fuses the |
|                         | toner making it difficult to remove   |

#### Reference to other sections

The environmental impact of this product has not been fully investigated However, this preparation is not expected to present significant adverse environmental effects.

## 7. HANDLING AND STORAGE

| Precautions for safe handling |  |
|-------------------------------|--|
| Advice on safe handling       | Handle in accordance with good industrial hygiene and safety practice, Avoid dust accumulation in enclosed space, Prevent dust cloud |

Hygiene measures None under normal use conditions

#### Conditions for safe storage, including any incompatibilities

Technical measures and storage Keep container tightly closed in a dry and well-ventilated place, Store at room temperature conditions

Incompatible products None

#### Specific end uses

Xerographic printing

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control parameters

Exposure Limits ACGIH TLV TWA ACGIH TLV TWA OSHA PEL TWA OSHA PEL TWA Xerox Exposure Limit

10 mg/m<sup>3</sup> (inhalable particles) 3 mg/m<sup>3</sup> (respirable dust) 15 mg/m<sup>3</sup> (total dust) 5 mg/m<sup>3</sup> (respirable dust) 2.5 mg/m<sup>3</sup> (total dust)

None

## 10. STABILITY AND REACTIVITY

## Reactivity

No dangerous reaction known under conditions of normal use

## Chemical stability

## SDS #: A-02095

## **Toner-Black**

Stable under normal conditions.

#### Possibility of hazardous reactions

| Hazardous reactions      | None |
|--------------------------|------|
| Hazardous polymerisation | Haza |

None under normal processing Hazardous polymerisation does not occur

#### Conditions to avoid

Prevent dust cloud, Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

#### Incompatible Materials

None

#### Hazardous decomposition products

None under normal use

#### 11. TOXICOLOGICAL INFORMATION

The toxicity data noted below is based on the test results of similar reprographic materials.

#### Information on toxicological effects

Acute toxicity Product Information

| Chamical Name  |  | NTD                       |             |                   |

# Chemical Name NTP IARC Carbon black 2B

#### Other information

The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". However, Xerox has concluded that the presence of carbon black in this mixture does not present a health hazard. The IARC classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xeroxhas performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively.

## Other toxic effects

| Aspiration Hazard     | Not applicable |
|-----------------------|----------------|
| Other adverse effects | None known     |

12. ECOLOGICAL INFORMATION

#### Toxicity

On available data, the mixture / preparation is not harmful to aquatic life

**Component Information** 

| Ċ | Chemical Name | Toxicity to algae | Toxicity to fish | Toxicity to<br>microorganisms | Toxicity to daphnia and<br>other aquatic invertebrates |
|---|---------------|-------------------|------------------|-------------------------------|--|
|   | Carbon black  |                   |                  |                               | EC50 > 5600 mg/L 24 h                                  |

#### Persistence and degradability

Not readily biodegradable

#### Bioaccumulative potential

Bioaccumulation is unlikely

#### Mobility in soil

Insoluble in water

#### Other adverse effects

Presents little or no hazard to the environment.

| 13. DISPOSAL CONSIDERATIONS                              |   |  |
|--|---|--|
| <u>Waste treatment methods</u><br>Waste disposal methods | Can be landfilled or incinerated, when in compliance with local regulations<br>If incineration is to be carried out, care must be exercised to prevent dust clouds forming. |  |
| Contaminated packaging                                   | ng No special precautions are needed in handling this material  |  |
| Other information  | Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.             |  |
|  |   |  |

14. TRANSPORT INFORMATION

This material is not subject to regulation as a hazardous material for shipping

## 15. REGULATORY INFORMATION

#### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### **OSHA Regulatory Status**

This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

While this material is not considered hazardous by the OSHA hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information for the safe handling and proper use of the product. This SDS should be retained and made available to employees and other users of this product.

## <u>Canada</u>

This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR), and the SDS contains all the information required by the HPR.

## International Inventories

| TSCA     | Complies |
|----------|----------|
| DSL/NDSL | Complies |

## SDS #: A-02095

**Toner-Black** 

#### Page 7/7

#### Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372 **Clean Water Act** 

This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### Clean Air Act. Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990. CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

#### **US State Regulations**

#### **California Proposition 65**

Carbon black is regulated under California Proposition 65 only if in the form of "airborne, unbound particles of respirable size". Toner products do not contain carbon black in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

| Chemical Name | CAS No.   | California Prop. 65 |
|---------------|-----------|---------------------|
| Carbon black  | 1333-86-4 | Carcinogen          |

#### U.S. State Right-to-Know Regulations

16. OTHER INFORMATION

Although this product contains substances included in some U.S. State Right-to-Know regulations, the particles are bound in a unique matrix and, therefore, the product does not pose any specific hazard.
