1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product Identifier

Product Name
Toner for Konica bizhub C 454, Konica bizhub C 554

Part no.
006R03879, 006R03880, 006R03881

Color
Cyan, Magenta, Yellow

Pure substance/mixture
Mixture

Recommended Use
Xerographic printing

Manufacturer by
Xerox Corporation
Webster, NY 14580

For further information, please contact
Contact person
Manager, Environment, Health, Safety & Sustainability
E-mail address
askxerox@xerox.com
Emergency telephone
Safety Information US: (800) 275-9376
Chemical Emergency only (Chemtrec) (800) 424-9300

2. HAZARDS IDENTIFICATION

Classification of the substance or mixture

Customer use / Cartridges and sealed bottles

OSHA Hazard Classification
This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

While this material is not considered hazardous by the OSHA hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information for the safe handling and proper use of the product. This SDS should be retained and made available to employees and other users of this product.

Label elements

Signal Word
None
Hazard Statements: None required
Precautionary Statements: None required

Other hazards:
- Not a PBT according to REACH Annex XIII
- May form explosive dust-air mixture if dispersed

### 4. FIRST AID MEASURES

**Description of first-aid measures**

**General advice**
For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this material safety data sheet to the doctor in attendance.

**Eye contact**
Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes.

**Skin contact**
Wash skin with soap and water.

**Inhalation**
Move to fresh air.

**Ingestion**
Rinse mouth with water and afterwards drink plenty of water or milk.

**Most important symptoms and effects, both acute and delayed**

**Acute toxicity**
- **Eyes**: No known effect
- **Skin**: No known effect
- **Inhalation**: No known effect
- **Ingestion**: No known effect

**Chronic toxicity**
No known effects under normal use conditions

**Main symptoms**
Overexposure may cause: mild respiratory irritation similar to nuisance dust.

**Aggravated Medical Conditions**
None under normal use conditions

**Indication of immediate medical attention and special treatment needed**
- **Protection of first-aiders**: No special protective equipment required
- **Notes to physician**: Treat symptomatically

### 5. FIRE-FIGHTING MEASURES
Extinguishing media

- Suitable extinguishing media: Use water spray or fog; do not use straight streams. Foam
- Unsuitable extinguishing media: Do not use a solid water stream as it may scatter and spread fire

Special hazards arising from the substance or mixture

- Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard
- Hazardous combustion products: Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx)

Advice for fire-fighters

- In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins.
- Wear self-contained breathing apparatus and protective suit

Other information

- Flammability: Not flammable. Will not readily ignite.
- Flash point: Not applicable

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

- Avoid breathing dust

Environmental precautions

- Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways

Methods and material for containment and cleaning up

- Methods for containment: Prevent dust cloud
- Methods for cleaning up: Use a vacuum cleaner to remove excess, then wash with COLD water. Hot water fuses the toner making it difficult to remove

Reference to other sections

- See section 12 for additional ecological information
- See Section 13 for additional information

7. HANDLING AND STORAGE

Precautions for safe handling

- Advice on safe handling: Handle in accordance with good industrial hygiene and safety practice, Avoid dust accumulation in enclosed space, Prevent dust cloud
- Hygiene measures: None under normal use conditions

Conditions for safe storage, including any incompatibilities

- Technical measures and storage conditions: Keep container tightly closed in a dry and well-ventilated place, Store at room temperature
- Incompatible products: None

Specific end uses
Xerox® Everyday™ Toner - Cyan, Magenta & Yellow

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure controls

Engineering measures
None under normal use conditions

Individual protection measures, such as personal protective equipment (PPE)

- Eye/Face protection: No special protective equipment required
- Hand protection: No special protective equipment required
- Skin and body protection: No special protective equipment required
- Respiratory protection: No special protective equipment required
- Thermal hazards: None under normal processing

Environmental Exposure Controls

- Keep out of drains, sewers, ditches and waterways

9. PHYSICAL AND CHEMICAL PROPERTIES

</table>
Partition coefficient: Not applicable
Autoignition temperature: Not applicable
Decomposition temperature: Not determined
Viscosity: Not applicable
Explosive properties: Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard
Oxidizing properties: Not applicable

Other information: None

10. STABILITY AND REACTIVITY

Reactivity: No dangerous reaction known under conditions of normal use

Chemical stability: Stable under normal conditions.

Possibility of hazardous reactions:
- Hazardous reactions: None under normal processing
- Hazardous polymerization: Hazardous polymerization does not occur

Conditions to avoid:
- Prevent dust cloud. Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

Incompatible Materials: None

Hazardous decomposition products: None under normal use

11. TOXICOLOGICAL INFORMATION

The toxicity data noted below is based on the test results of similar reprographic materials.

Information on toxicological effects:

Acute toxicity

Product Information

Irritation: No skin irritation, No eye irritation
Oral LD50: > 5 g/kg (rat)
Dermal LD50: > 5 g/kg (rabbit)
LC50 Inhalation: > 5 mg/L (rat, 4 hr)

Component Information

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>LC50 Inhalation</th>
<th>Dermal LD50</th>
<th>Oral LD50</th>

</tr>
</tbody>
</table>

Chronic toxicity

Sensitization: No sensitization responses were observed
Neurological Effects: No information available
Target organ effects: None known

CMR Effects: None
Mutagenic effects
Not mutagenic in AMES Test

Reproductive toxicity
This product does not contain any known or suspected reproductive hazards
See "Other Information" in this section.

Carcinogenicity

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>NTP</th>
<th>IARC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carbon black</td>
<td></td>
<td>2B</td>
</tr>
</tbody>
</table>

Other information
The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". However, Xerox has concluded that the presence of carbon black in this mixture does not present a health hazard. The IARC classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xerox has performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively.

Other toxic effects
Aspiration Hazard Not applicable
Other adverse effects None known

11.2 Information on other hazards
Endocrine disrupting properties No information available

12. ECOLOGICAL INFORMATION

Toxicity
On available data, the mixture / preparation is not harmful to aquatic life

Component Information

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>Toxicity to algae</th>
<th>Toxicity to fish</th>
<th>Toxicity to microorganisms</th>
<th>Toxicity to daphnia and other aquatic invertebrates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Amorphous silica</td>

</tr>
</tbody>
</table>

Persistence and degradability
Not readily biodegradable

Bioaccumulative potential
Bioaccumulation is unlikely

Mobility in soil
Insoluble in water

Component Information

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>log Pow</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cyan pigment</td>
<td>6.6</td>
</tr>
</tbody>
</table>

Results of PBT and vPvB assessment
This substance is not considered to be persistent, bioaccumulating nor toxic (PBT)

Endocrine disrupting properties
This product does not contain any known or suspected endocrine disruptors

Other adverse effects
Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.
13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Waste Disposal Methods: Can be landfilled or incinerated, when in compliance with local regulations. If incineration is to be carried out, care must be exercised to prevent dust clouds forming.

Contaminated packaging: No special precautions are needed in handling this material.

Other information: Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.

14. TRANSPORT INFORMATION

This material is not subject to regulation as a hazardous material for shipping.

15. REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture

OSHA Regulatory Status
This product is an article which contains a mixture / preparation in powder form. Safety information is given for exposure to the article as sold and used by the customer. Intended use of the product is not expected to result in exposure to the mixture / preparation based on the packaging and method of dispensing.

Canada
This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR), and the SDS contains all the information required by the HPR.

International Inventories
- TSCA: Complies
- DSL/NDSL: Complies

U.S. Federal Regulations
SARA 313
Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

Clean Water Act
This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)
This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990.

CERCLA
This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

US State Regulations
California Proposition 65
Carbon black is regulated under California Proposition 65 only if in the form of “airborne, unbound particles of respirable size”. Toner products do not contain carbon black in the form of “airborne, unbound particles of respirable size”. Therefore, the...
requirements of Proposition 65 do not apply to this product.
