SAFETY DATA SHEET according to Regulation (EC) No. 1907/2006 as amended

| SDS # : P-70009 | Replenisher - Black | |
|---|--|-------------------|
| Issuing Date 2018-09-06 | Revision Date 2023-06-28 | Version 3 |
| 1. IDENTIFICATION OF | F THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING | |
| 1.1 Product Identifier | | |
| Product Name | Replenisher for Xerox PrimeLink™B9100 Copier/Printer, Xerox PrimeLink™B9110 Copier/Printer, Xerox PrimeLink™B9125 Copie PrimeLink™B9136 Copier/Printer | er/Printer, Xerox |
| Part no. | 006R01766 | |
| Colour | Black | |
| 1.2 Relevant identified u | uses of the substance or mixture and uses advised against | |
| Recommended Use | Xerographic printing | |
| 1.3 Details of the supplie | er of the safety data sheet | |
| Xe Du Du Co | erox Europe Limited erox Technology Park iblin Road indalk 5. Louth land | |
| For further information, p Contact person Phone E-mail address | <u>please contact</u> Andy Cosgrove +353 429387410 ehs-europe@xerox.com | |
| For the most current doc | cument https://safetysheets.business.xerox.com | |
| 1.4 Emergency telephon | ie number | |
| Not applicable | | |
| 2. HAZARDS IDENTIFI | CATION | |

2.1 Classification of the substance or mixture

According to present data no classification and labelling is required according to Regulation (EC) No 1272/2008

2.2 Label elements

None

2.3 Other hazards

Not a PBT according to REACH Annex XIII May form explosible dust-air mixture if dispersed

Version 3

3. COMPOSITION/INFORMATION ON INGREDIENTS

3.2 Mixtures

| Chemical Name | Weight % | CAS No. | EC-No | Classification (Reg. 1272/2008) | Hazard Statements | REACH Registration Number |
|-------------------|----------|-------------|------------|---------------------------------|----------------------|------------------------------|
| Resin | 75-85 | Proprietary | Not listed | | | |
| Ceramic materials | 5-10 | Proprietary | Listed | | | |
| Carbon black | 5-10 | 1333-86-4 | 215-609-9 | | | 01-2119384822-32-0065 |
| Titanium dioxide | <1 | 13463-67-7 | 236-675-5 | Carc (Inhal) 2 | H351 | |

Full text of H- statements: see section 16

Note

"--" indicates no classification or hazard statements apply.

Components marked as "Not Listed" are exempt from registration.

Where no REACH registration number is listed, it is considered confidential to the Only Representative.

4. FIRST AID MEASURES

4.1 Description of first aid measures

| For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this safety data sheet to the doctor in attendance. |
|--|
| Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes |
| Wash skin with soap and water |
| Move to fresh air |
| Rinse mouth with water and afterwards drink plenty of water or milk |
| |

4.2 Most important symptoms and effects, both acute and delayed

| Acute toxicity | |
|------------------|--|
| Eyes | No known effect |
| Skin | No known effect |
| Inhalation | No known effect |
| Ingestion | No known effect |
| Chronic effects | |
| Chronic toxicity | No known effects under normal use conditions |
| Main symptoms | Overexposure may cause: mild respiratory irritation similar to nuisance dust. |

4.3 Indication of immediate medical attention and special treatment needed

| Protection of first-aiders | No special protective equipment required |
|----------------------------|--|
| Notes to physician | Treat symptomatically |

5. FIREFIGHTING MEASURES

5.1 Extinguishing media

Page 3/8

SDS #: P-70009

Replenisher - Black

Issuing Date 2018-09-06

Revision Date 2023-06-28

Version 3

Suitable extinguishing media Use water spray or fog; do not use straight streams, Foam

Unsuitable extinguishing media Do not use a solid water stream as it may scatter and spread fire

5.2 Special hazards arising from the substance or mixture

Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

Hazardous combustion products

Hazardous decomposition products due to incomplete combustion. Carbon oxides Nitrogen oxides (NOx)

5.3 Advice for fire-fighters

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins. Wear self-contained breathing apparatus and protective suit.

Other information

| Flammability | Not flammable |
|--------------|----------------|
| Flash point | Not applicable |

6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

Avoid breathing dust

6.2 Environmental precautions

Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways

6.3 Methods and material for containment and cleaning up

| Methods for containment | Prevent dust cloud |
|-------------------------|---|
| Methods for cleaning up | Use a vacuum cleaner to remove excess, then wash with COLD water. Hot water fuses |
| | the toner making it difficult to remove |

6.4 Reference to other sections

See section 12 for additional ecological information See Section 13 for additional information

7. HANDLING AND STORAGE

7.1 Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice, Avoid dust accumulation in enclosed space, Prevent dust cloud

10. STABILITY AND REACTIVITY

10.1 Reactivity

No dangerous reaction known under conditions of normal use

10.2 Chemical stability

Stable under normal conditions

10.3 Possibility of hazardous reactions

| Hazardous reactions | None under normal processing |
|--------------------------|---|
| Hazardous polymerisation | Hazardous polymerisation does not occur |

10.4 Conditions to avoid

Prevent dust cloud, Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

10.5 Incompatible Materials

None

10.6 Hazardous decomposition products

None under normal use

11. TOXICOLOGICAL INFORMATION

The toxicity data noted below is based on the test results of similar reprographic materials.

11.1 Information on toxicological effects

Acute toxicity

Product Information

| Issuing Date 2018-09-06 | Revision Date 2023-06-28 Version | on 3 |
|---|---|---|
| Irritation Oral LD50 Dermal LD50 LC50 Inhalation | No skin irritation, No eye irritation > 5 g/kg (rat) > 5 g/kg (rabbit) > 5 mg/L (rat, 4 hr) | |
| Chronic toxicity Product Information Chronic effects Carcinogenicity Other information | No known effects under normal use conditions See "Other Information" in this section. The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". However, Xerox has concluded that the presence of carbon black in this mixture does not present a health hazard. The IARC classification based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulati composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xeroxhas performed extensive testing of toner, including chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agen and published extensively. The IARC (International Agency for Research on Cancer) has listed titanium dioxide as "possibly carcinogenic to humans". However, Xerox has concluded that the presence titanium dioxide in this mixture does not present a health hazard. The IARC classifica is based on studies in rats using high concentrations of pure, unbound TiO2 particles of respirable size. Epidemiological studies do not suggest a carcinogenic effects in huma In addition, the titanium dioxide in this mixture is encapsulated in a matrix or bound to to surface of the toner. | a is on cies of tion f ans. |
| Other toxic effects Product Information Sensitisation Mutagenic effects Reproductive toxicity | No sensitisation responses were observed Not mutagenic in AMES Test This product does not contain any known or suspected reproductive hazards | |
| Target organ effects | None known | |
| Other adverse effects Aspiration Hazard | None known Not applicable | |

Replenisher - Black

11.2 Information on other hazards

Endocrine disrupting properties This product does not contain any known or suspected endocrine disruptors

12. ECOLOGICAL INFORMATION

12.1 Toxicity

SDS #: P-70009

On available data, the mixture / preparation is not harmful to aquatic life

12.2 Persistence and degradability

Not readily biodegradable

12.3 Bioaccumulative potential

Page 6/8

Version 3

Page 7/8

xerox

Bioaccumulation is unlikely

12.4 Mobility in soil

Insoluble in water

12.5 Results of PBT and vPvB assessment

Not a PBT according to REACH Annex XIII

12.6 Endocrine disrupting properties

This product does not contain any known or suspected endocrine disruptors

12.7 Other adverse effects

Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.

| 13. DISPOSAL CONSIDERATIONS | |
|-----------------------------|--|
| | |

13.1 Waste treatment methods

| Waste Disposal Method | Can be landfilled or incinerated, when in compliance with local regulations If incineration is to be carried out, care must be exercised to prevent dust clouds forming. |
|------------------------|---|
| EWC Waste Disposal No. | 08 03 18 |
| Other information | Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways. |

14. TRANSPORT INFORMATION

14.1 UN/ID No

Not regulated

14.2 Proper shipping name

Not regulated

14.3 Transport hazard class(es)

Not classified

14.4 Packing Group

Not applicable

14.5 Environmental hazards

SDS #: P-70009

Replenisher - Black

Revision Date 2023-06-28

Issuing Date 2018-09-06

Presents little or no hazard to the environment

14.6 Special precautions for users

No special precautions are needed in handling this material

14.7 Maritime transport in bulk according to IMO instruments

Not applicable

15. REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

According to present data no classification and labelling is required according to Regulation (EC) No 1272/2008

15.2 Chemical Safety Assessment

A chemical safety assessment according to regulation (EC) No. 1907/2006 is not required

16. OTHER INFORMATION

Issuing Date2018-09-06Revision Date2023-06-28Revision Note(M)SDS sections updated, 3, 16Full text of H-Statements referred to under sections 2 and 3H351 - Suspected of causing cancer if inhaled

noor - Suspected of causing cancer if initialed

This safety data sheet complies with the requirements of Regulation (EC) No. 1272/2008 as amended.

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
