# Toner - Black

Issuing Date 2008-06-11

Revision Date 2022-11-07

Version 6

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### 3.2 Mixtures

Chemical Name	Weight %	CAS No.	EC-No	Classification (Reg. 1272/2008)	Hazard Statements	REACH Registration Number
Resin	85-95	Proprietary	Not listed			
Carbon black	3-5	1333-86-4	215-609-9			01-2119384822-32-0065
Silica (Surface Treated)	<2	68909-20-6	272-697-1	STOT RE 2	H373	
Paraffin wax	<3	8002-74-2	232-315-6			
Cyan Pigment	<1	147-14-8	205-685-1			01-2119458771-32-0044

# Full text of H- statements: see section 16 Note

"--" indicates no classification or hazard statements apply. Components marked as "Not Listed" are exempt from registration. Where no REACH registration number is listed, it is considered confidential to the Only Representative.

# 4. FIRST AID MEASURES

# 4.1 Description of first aid measures

General advice	For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this safety data sheet to the doctor in attendance.
Eye contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes
Skin contact	Wash skin with soap and water
Inhalation	Move to fresh air
Ingestion	Rinse mouth with water and afterwards drink plenty of water or milk
4.2 Most important sympto	ms and effects, both acute and delayed
Acute toxicity	

Acute toxicity	
Eyes	No known effect
Skin	No known effect
Inhalation	No known effect
Ingestion	No known effect
Chronic effects	
Chronic toxicity	No known effects under normal use conditions
Main symptoms	Overexposure may cause:
	mild respiratory irritation similar to nuisance dust.

# 4.3 Indication of immediate medical attention and special treatment needed

Protection of first-aiders	No special protective equipment required
Notes to physician	Treat symptomatically

# 5. FIREFIGHTING MEASURES

#### 5.1 Extinguishing media

**SDS # :** A-1051

Toner - Black

**Issuing Date** 2008-06-11

Revision Date 2022-11-07

Version 6

Suitable extinguishing media Use water spray or fog; do not use straight streams, Foam

Unsuitable extinguishing media Do not use a solid water stream as it may scatter and spread fire

#### 5.2 Special hazards arising from the substance or mixture

Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

Hazardous combustion products

Hazardous decomposition products due to incomplete combustion. Carbon oxides Nitrogen oxides (NOx)

#### 5.3 Advice for fire-fighters

In the event of fire and/or explosion do not breathe fumes. Wear fire/flame resistant/retardant clothing. Use self-contained pressure-demand breathing apparatus if needed to prevent exposure to smoke or airborne toxins. Wear self-contained breathing apparatus and protective suit.

#### Other information

Flammability	Not flammable
Flash point	Not applicable

# 6. ACCIDENTAL RELEASE MEASURES

#### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid breathing dust

#### 6.2 Environmental precautions

Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways

#### 6.3 Methods and material for containment and cleaning up

Methods for containment	Prevent dust cloud
Methods for cleaning up	Use a vacuum cleaner to remove excess, then wash with COLD water. Hot water fuses
	the toner making it difficult to remove

#### 6.4 Reference to other sections

See section 12 for additional ecological information See Section 13 for additional information

### 7. HANDLING AND STORAGE

#### 7.1 Precautions for safe handling

Handle in accordance with good industrial hygiene and safety practice, Avoid dust accumulation in enclosed space, Prevent dust cloud

<b>SDS #</b> : A-1051	Toner - Black		
Issuing Date 2008-06-11	Revision Date 2022-11-07	Version	
Hygiene measures	None under normal use conditions		
7.2 Conditions for safe storage, in	cluding any incompatibilities		
Keep container tightly closed in a	dry and well-ventilated place, Store at room temperature		
7.3 Specific end uses			
Xerographic printing			
8. EXPOSURE CONTROLS/PER	SONAL PROTECTION		
8.1 Control parameters			
Xerox Exposure Limit Xerox Exposure Limit	2.5 mg/m³ (total dust) 0.4 mg/m³ (respirable dust)		
8.2 Exposure controls			
Engineering measures	None under normal use conditions		
Personal protective equipment			
Eye/face protection Hand protection Skin and body protection Respiratory protection Thermal hazards	No special protective equipment required No special protective equipment required No special protective equipment required No special protective equipment required None under normal processing		
Environmental Exposure Controls Environmental Exposure Controls	Keep out of drains, sewers, ditches and waterways		

# 9.1 Information on basic physical and chemical properties

Appearance Physical state Colour	Powder Solid Black	Odour Odour threshold pH	Faint Not applicable Not applicable
Flash point	Not applicable		
Melting / Freezing Point Boiling point/boiling rang Softening point	Not applicable e Not applicable 49 - 60 °C	/ 120 - 140 °F	
Evaporation rate Flammability Flammability Limits in Air	Not applicable Not flammable Not applicable		

SDS #: A-1051 Toner - Black Revision Date 2022-11-07 Issuing Date 2008-06-11 Version 6 No data available **Explosive Limits** Vapour pressure Not applicable Vapour density Not applicable Specific gravity 1 - 2 Water solubility Negligible Partition coefficient Not applicable Autoignition temperature Not applicable Decomposition temperature Not determined Viscosity Not applicable **Explosive properties** Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard **Oxidising properties** Not applicable 9.2 Other information

None

# **10. STABILITY AND REACTIVITY**

#### 10.1 Reactivity

No dangerous reaction known under conditions of normal use

#### 10.2 Chemical stability

Stable under normal conditions

#### 10.3 Possibility of hazardous reactions

Hazardous reactions	None under normal processing
Hazardous polymerisation	Hazardous polymerisation does not occur

### 10.4 Conditions to avoid

Prevent dust cloud, Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard

#### 10.5 Incompatible Materials

None

#### 10.6 Hazardous decomposition products

None under normal use

# 11. TOXICOLOGICAL INFORMATION

The toxicity data noted below is based on the test results of similar reprographic materials.

#### 11.1 Information on toxicological effects

Issuing Date   2008-06-11   Revision Date   2022-11-07   Version     Acute toxicity   Product Information   .   <					
Product Information   .     Irritation   No skin irritation, No eye irritation     Oral LD50   > 5 g/kg (rat)     Dermal LD50   > 5 g/kg (rabbit)     LC50 Inhalation   > 5 mg/L (rat, 4 hr)     Chronic toxicity   Product Information     Chronic effects   No known effects under normal use conditions     Carcinogenicity   See "Other Information" in this section.     Other information   The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". However, Xerox has concluded that the presence of carbon black in this inxiture does not present a health hazard. The IARC classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black becomes encapsulated within a matrix. Xeroxhas performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively.     Other toxic effects   Not sensitisation responses were observed     Mutagenic effects   Not mutagenic in AMES Test     Reproductive toxicity   This product does not contain any known or suspected reproductive hazards     Target organ effects   None known	Issuing Date 2008-06-11	F	Revision Date 20	022-11-07	Version

# 12. ECOLOGICAL INFORMATION

# 12.1 Toxicity

On available data, the mixture / preparation is not harmful to aquatic life

# 12.2 Persistence and degradability

Not readily biodegradable

# 12.3 Bioaccumulative potential

Bioaccumulation is unlikely

# 12.4 Mobility in soil

# Toner - Black

**Issuing Date** 2008-06-11

Revision Date 2022-11-07

Version 6

Insoluble in water

#### 12.5 Results of PBT and vPvB assessment

Not a PBT according to REACH Annex XIII

### 12.6 Endocrine disrupting properties

This product does not contain any known or suspected endocrine disruptors

### 12.7 Other adverse effects

Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.

13. DISPOSAL CONSIDERATIONS			
13.1 Waste treatment methods			
Waste Disposal Method	Can be landfilled or incinerated, when in compliance with local regulations If incineration is to be carried out, care must be exercised to prevent dust clouds forming.		
EWC Waste Disposal No.	08 03 18		
Other information	Although toner is not an aquatic toxin, microplastics may be a physical hazard to aquatic life and should not be allowed to enter drains, sewers, or waterways.		

# **14. TRANSPORT INFORMATION**

#### 14.1 UN/ID No

Not regulated

# 14.2 Proper shipping name

Not regulated

# 14.3 Transport hazard class(es)

Not classified

#### 14.4 Packing Group

Not applicable

#### 14.5 Environmental hazards

Presents little or no hazard to the environment

#### 14.6 Special precautions for users

Toner - Black

**Issuing Date** 2008-06-11

Revision Date 2022-11-07

Version 6

No special precautions are needed in handling this material

### 14.7 Transport in bulk according to MARPOL 73/78 and the IBC Code

Not applicable

# **15. REGULATORY INFORMATION**

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

According to present data no classification and labelling is required according to Regulation (EC) No 1272/2008

#### 15.2 Chemical Safety Assessment

A chemical safety assessment according to regulation (EC) No. 1907/2006 is not required

# 16. OTHER INFORMATION

Issuing Date2008-06-11Revision Date2022-11-07Revision Note(M)SDS sections updated, 3, 16Full text of H-Statements referred to under sections 2 and 3H373 - May cause damage to organs through prolonged or repeated exposure

This safety data sheet complies with the requirements of Regulation (EC) No. 1272/2008 as amended.

**Disclaimer** 

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
